1) Notes to UST Form 11-MOR, Part 1 Cash Receipts and Disbursements:

Based on guidance received from the Office of the United States Trustee in connection with the completion of UST Form 11-MOR Part 1, Cash Receipts and Disbursements, reported cash receipts and disbursements should exclude intercompany, debtor-to-debtor transactions. As a result, for those debtors with net intercompany cash outflows and inflows during the reporting period, the ending cash balances reported on Form 11-MOR Part 1 will not agree with the ending cash balances per the debtors' bank statements or the debtors' books and reports. For additional information on ending cash balances per the debtors' books and reports, see the attached listing of cash account balances per Schedule MOR-1b.

2) The Net Receipts and Net Disbursements exclude intercompany transactions among Debtors

DebtorsCase No.: 19-23649 (RDD)
Reporting Period September 1, 2022 to September 30, 2022**Liabilities Subject to Compromise and Contingencies**

Under bankruptcy law, actions by creditors to collect liabilities of the Debtors incurred prior to the Petition Date are stayed, and certain other pre-petition contractual obligations may not be enforced against the Debtors without approval of the Bankruptcy Court. Except for employee payroll and benefits including payroll-related taxes, sales and use taxes, reserve for workers' compensation insurance claims and self-insurance (other than general liability insurance), and other accrued items that are paid with authorization from the Bankruptcy Court, all pre-petition liabilities have been classified as liabilities subject to compromise in the consolidated balance sheet as of December 31, 2021, and December 31, 2020. These amounts reflect management's current estimate of the amount of pre-petition claims that are subject to restructuring in the Chapter 11 Cases. Adjustments to the claims may result from negotiations, payments authorized by Bankruptcy Court order, additional rejection of executory contracts including leases, assumption of contracts, termination of prior payment authorization by Court order, reconciliation of estimated liabilities to actual claims received or other events. The liability recorded is consistent with the Plan and Disclosure Statement. Payment terms for the amount classified as subject to compromise will be established in connection with a plan of reorganization.

Reporting Period September 1, 2022 to September 30, 2022

Legal Proceedings

The Company is involved in various lawsuits and claims regarding product liability, intellectual property, governmental investigations and other legal proceedings that have developed from the Company's pharmaceutical and business operations. The Company and its facilities are regularly inspected by, and the Company is subject to inquiries from, various regulatory agencies, including the FDA, the Federal Trade Commission and the Drug Enforcement Administration.

The Company records accruals for contingencies to the extent that the occurrence of the contingency is probable, and the amount of liability is reasonably estimable. If the reasonable estimate of liability is within a range of amounts, and some amount within the range appears to be a better estimate than any other, then the Company records that amount as an accrual. If no amount within the range of loss is a better estimate than any other amount, the minimum amount in the range is accrued. Such assessments involve a series of complex judgments and rely heavily on estimates and assumptions regarding future events that management has utilized in their evaluation. The Company could possibly incur judgments or enter into settlements in excess of the amounts accrued which could have a material adverse effect on the Company's financial position, operations and cash flows.

Unless otherwise explicitly stated in this footnote, the Company is unable to reasonably estimate the loss or a range of possible loss for the matters described below. Often, it is not reasonably possible for the Company to determine that a loss is probable for a claim, or to reasonably estimate the amount of loss or a range of loss, because of the limited information available and the potential effects of future events and decisions by third parties, such as courts and regulators, that will determine the ultimate resolution of the claim.

Various lawsuits, claims and proceedings are pending or threatened against the Company. The most significant are described below. The Company recorded \$15.1 billion and \$13.9 billion of Liabilities Subject to Compromise as at December 31, 2021 and 2020, respectively, and settlement expense of \$1.225 billion in 2021 and \$11.1 billion in 2020. The 2021 expense is a result of an additional \$50.0 million obligation agreed to in the amended Plan in 2021 and the term sheet (the "Term Sheet") agreed to by certain Sackler family members and trusts (the "Sackler Mediation Parties"), which provides that the Company's shareholders would contribute an additional \$1.175 billion to what was included in the Disclosure Statement. The 2020 expense included \$8.344 billion DOJ settlement that was executed by the Company, \$225.1 million for the DOJ settlement that was executed by the Shareholders of the Company, and \$1.275 billion and \$1.247 billion related to the Company's best estimate for the probable loss related to opioid-related cases against the Shareholders and Company, respectively, which is consistent with the Disclosure Statement.

Opioid Litigation, Proposed National Settlement and Shareholder Settlements

Beginning with three lawsuits in 2014 and one lawsuit in each of 2015 and 2016, certain state and local governments commenced litigation against the Company and several other manufacturers of opioid analgesics. With the vast majority of lawsuits having been filed in 2018 and 2019, there are approximately 2,900 lawsuits pending against the Company in federal and state courts around the United States.

In general, these lawsuits – which have been brought by state Attorneys General, municipalities, third-party health care providers, hospital systems, and Native American tribes among others – allege that

Debtors

Case No.: 19-23649 (RDD)

the Company engaged in unfair or deceptive marketing practices related to the promotion and sale of its opioid medications. The lawsuits seek compensatory, treble and punitive damages, and/or various forms of injunctive relief.

In December 2017, the federal actions were transferred for coordinated pre-trial proceedings to a Multi-District Litigation (“MDL”) in the United States District Court for the Northern District of Ohio (the “MDL Court”). The MDL Court created parallel settlement and litigation tracks, including setting the first MDL trial for October 2019, which was a consolidated lawsuit brought by four Ohio municipalities. The parties (including the Company) completed significant fact and expert discovery, and engaged in substantial motion practice, including numerous motions to dismiss and motions for summary judgment, but reached a settlement before the trial began. The MDL Court also remanded a small number of other cases to their original transferor courts to proceed with discovery and trials. Although PPLP is named as a defendant in these lawsuits, as discussed further below, these actions are stayed against PPLP and the other Debtors during the pendency of the Chapter 11 Cases.

To implement the Proposed National Settlement to resolve all opioid-related actions brought by state attorneys general, as well as counties, municipalities, and other entities, and to reach a final resolution of all outstanding claims, the Debtors voluntarily filed cases under Chapter 11 of the Bankruptcy Code on September 15, 2019. Under the Proposed National Settlement structure the Company’s existing shareholders would: (1) relinquish all of their equity interests in the Company and consent to the transfer of all of the Company’s assets to a public benefit company or similar post-bankruptcy emergence structure for the benefit of claimants and the U.S. public; (2) divest their non-U.S. pharmaceutical companies; and (3) contribute a minimum of \$3 billion over seven years, with potential additional contributions if the proceeds from the divestiture of the non-U.S. pharmaceutical companies exceed \$3 billion.

The Debtors filed a Plan and Disclosure Statement on March 15, 2021. The Plan and the settlements contemplated thereby significantly increase the value available to creditors compared to the Proposed National Settlement, most notably by raising the amount that the Company’s existing shareholders will be required to pay in the aggregate from \$3.0 billion to at least \$5.725 billion. Of this sum, \$225 million was paid by the shareholders in November 2020 to satisfy their civil settlement with the United States Department of Justice, and \$5.5 billion will be paid for the benefit of creditors (including \$276.9 million to be paid to a supplemental opioid abatement fund established, structured and administered by the Nine and New Hampshire over 18 years as set forth in the Plan).

Pursuant to bankruptcy law, the Debtors’ bankruptcy petitions operated to automatically stay certain litigation from commencing or continuing against the Debtors. In addition, on November 6, 2019, the Bankruptcy Court entered a preliminary injunction order enjoining opioid-related litigation against the Debtors and certain related entities through April 8, 2020 (the “Preliminary Injunction”). The Preliminary Injunction was most recently extended through and including the date that is 30 days after the date on which the United States Court of Appeals for the Second Circuit (the “Second Circuit”) issues a decision in the appeals from the SDNY District Court’s December 16, 2021 order vacating the Bankruptcy Court’s order confirming the Plan, provided that, if the Second Circuit has not issued a decision in the appeals by July 15, 2022, any party in interest, for cause shown and upon proper notice, may move to shorten or terminate the Preliminary Injunction.

The Company had concluded that it was probable that a loss has been incurred for the Proposed

National Settlement, and the Company recorded a provision in its 2018 consolidated financial statements for the initial Proposed National Settlement in accordance with ASC 450, Accounting for Contingencies, in the amount of \$3.0 billion. As no amount was better than any other in the range, this represented the low end of the range of the loss which the Company ultimately expected to be paid by the principal shareholders of the Company.

In 2020, the Company recorded an additional loss of \$1.275 billion related to the amended Proposed National Settlement for a total of \$4.275 billion, representing the amount in excess of the \$3 billion accrued in 2018 and the Company concluded that it is probable that a \$4.275 billion loss has been incurred for the Proposed National Settlement in accordance with ASC 450, Accounting for Contingencies, representing the amounts the Company's shareholders are required to pay as filed in the Disclosure Statement in March 2021. In 2021, the Company recorded a further loss of \$1.225 billion related to the Term Sheet agreed upon by the Sackler Mediation Parties, and an additional payment obligation included in the amended Plan. The corresponding liability associated with the settlement charge of \$5.50 billion and \$4.275 billion are included in Liabilities Subject to Compromise at December 31, 2021 and 2020, respectively.

The Company will reclassify the liability that will be paid by the Company's shareholders to equity as a capital contribution at such time as a settlement agreement is executed and the shareholders are legally bound to make the cash settlement.

The Company's shareholders entered into a settlement agreement directly with the DOJ in November 2020. The Company's shareholders paid the DOJ \$225.1 million in November 2020, which is inclusive of interest. The settlement payment made by the Company's shareholders was recorded as a settlement expense and treated as a capital contribution in 2020.

As discussed in Note 1, the Plan also incorporated a mediated agreement as to the fixed amounts that will be paid to various classes of private creditors, with residual value under the Plan being distributed through two newly established national opioid abatement trusts, the National Opioid Abatement Trust (the "NOAT") and the Tribe Trust, on account of the claims brought by state and local municipalities and counties and Native American tribes. The vast majority of the filed Proofs of Claim assert unsecured opioid litigation claims, including the claims included in the following classes under the Plan: Non-Federal Domestic Governmental Claims (Class 4); Tribe Claims (Class 5); Hospital Claims (Class 6); Third-Party Payor Claims (Class 7); Ratepayer Claims (Class 8); NAS Monitoring Claims (Class 9); NAS PI Claims (Class 10(a)); and Non-NAS PI Claims (Class 10(b)). While there are claims filed against the Company as Secured Claims (Class 1) or Other Priority Claims (Class 2) the claims have not been evaluated or deemed allowed by the Bankruptcy Court and the Company does not believe it is either probable or estimable that these will become allowed claims, under ASC 852, Reorganizations. Further, the Company does not believe these claims are probable or estimable under ASC 450. The Federal Government Unsecured Claims (Class 3) are covered by part of the Company's DOJ settlement of \$8.344 billion.

Because of the number of claims made against the Company and the complexity and expense of litigating the validity and amount of each of the filed claims, the Company does not expect the Company or the Bankruptcy Court to ever make a determination on whether any particular claim will ultimately be allowed, nor will there be a claims allowance process heard by the Court. Rather, the Company and the various creditor groups worked through mediators to negotiate cash distribution amounts that are proposed to be distributed on account of claims included in Classes 4-10, in the total

estimated amount of approximately \$5.5225 billion. The PI Claims (Classes 10(a) and 10(b)) have a cash funding range of \$700 million to \$750 million. As no amount is better than any other in the range, in calculating the \$5.5225 billion, the Company assumed the low end of the range of the loss for this Class. As there has been no revision to the estimated payments to classes 4-10 filed with the Bankruptcy Court in the form of an updated Plan, there have been no adjustments recorded to this amount in 2021.

As part of the Company's commitment to advance meaningful solutions to the opioid crisis, the Company is pursuing and has made substantial progress on three Public Health Initiative ("PHI") products, and the Bankruptcy Court has authorized certain steps that have facilitated that process. The Company has not made any commitments on specific quantities of PHI products as of December 31, 2021. Although the Plan indicates that the Company will provide PHI products at or below cost, management believes that it is probable that it will be providing PHI products at cost, and, therefore, no loss will be incurred. Accordingly, the Company has not recorded a loss related to PHI under ASC 450 at December 31, 2021.

There are other claims that have been filed against the Company that are not included in the settlement proposals described above that in aggregate are in excess of \$600 million. These claims range from those filed by physicians, dentists, wholesalers, treatment centers and other Sackler entities. The Company either does not consider these claims to be valid, anticipates the claims will be released under the settlement proposal or views the loss accrual as neither probable nor estimable under ASC 450.

State of Oklahoma Settlement

The Company reached an agreement with the Oklahoma Attorney General on March 26, 2019 under the following terms: (1) the Company would contribute \$102.5 million to fund the creation of a National Center for Addiction Studies & Treatment at the Oklahoma State University Wellness Center (the "Center") and donate \$20 million worth of medicines to support the Center's treatment mission (recorded at the estimated fair value of the donation in the amount of \$10.1 million); (2) the Company would pay \$12.5 million into an abatement fund for local governments, and an additional \$60 million for costs and fees related to the litigation, with any remainder reverting to the Center; and (3) the Company's shareholders would contribute \$75 million to the Center paid out in five installments. The Company accrued an aggregate of \$260.1 million for the settlement in its 2018 financial statements, including the amount to be paid by the Company's shareholders of \$75 million. In 2019, when the settlement agreement was finalized, the \$75 million liability related to the amount paid by the Company's shareholders was reclassified to equity as a capital contribution. The cash contribution amounts were paid by the Company in 2019. To date, the donations to the Center have been of de minimis value. The fair market value of the donation amount of \$10.1 million is included in Other long-term liabilities at December 31, 2021 and 2020.

Canadian Litigation

In addition to the civil litigation filed in the United States, the Company also faces lawsuits filed in Canada by a proposed class of Canadian provincial and territorial governmental plaintiffs related to the marketing of OxyContin. The lawsuits were filed against Purdue Canada (which is an entity owned by related parties of the Company for the ultimate benefit of the Sackler family), the Company and other manufacturers and distributors of opioid products. On December 30, 2019, following a

motion filed by the Company, the Ontario Superior Court of Justice (Commercial List) presiding over the Company's ancillary proceedings under the *Companies' Creditors Arrangement Act*, R.S.C. 1985, c. C-36, as amended, issued an order recognizing the Preliminary Injunction and staying all actions, proceedings and claims related to the prescription of opioids in Canada as against the Company and certain other related parties. Claims against the Company, which were filed in the amount of approximately \$67.4 billion, in respect of the Canadian governmental class action lawsuits are expected to be resolved through the Company's emergence from bankruptcy with all other claims. The claims have not been evaluated or deemed allowed by the Bankruptcy Court and the Company does not believe it is either probable or estimable that this will become an allowed claim, under ASC 852, Reorganizations. Further, the Company does not believe the claim is probable or estimable under ASC 450.

Federal Matters

In addition to the civil matters described above, the Company received a number of subpoenas, Civil Investigative Demands ("CIDs"), and letter requests from multiple components of the United States Department of Justice ("DOJ") and other government agencies, as part of a broad investigation of potential criminal and civil violations.

These inquiries covered a broad range of past behaviors including conduct related to the Company's sales and marketing practices; its Abuse and Diversion Detection ("ADD") and Suspicious Order Monitoring ("SOM") programs; payments to healthcare professionals; specialty pharmacies; business arrangements with Practice Fusion, Inc., an electronic health records ("EHR") system vendor unrelated to the Company; OxyContin and Q12 dosing; compliance with the Extended-Release/Long Acting Opioid Risk Evaluation and Mitigation Strategy. The DOJ also sought information relating to the Company's corporate structure and financials and various Sackler family members' involvement in the operations of the Company, as well as activities of Mundipharma China Pharmaceutical Company Limited and Mundipharma (Shanghai) Pharmaceuticals (which are entities owned by related parties of the Company for the ultimate benefit of the Sackler family).

On January 27, 2020, Practice Fusion, an electronics health records system vendor unaffiliated with the Company, entered into a Deferred Prosecution Agreement ("DPA") with the DOJ in which it admitted to soliciting and receiving kickbacks from the Company, which was described through an alias, and agreed to pay \$145 million in criminal and civil forfeiture, fines and damages.

In July 2020, the DOJ filed claims against the Company in the aggregate amount of at least \$12.5 billion relating to PPLP's past practices related to the production, sale, marketing and distribution of opioid products.

On October 21, 2020, PPLP entered into (i) a plea agreement (the "Plea Agreement") with the United States, acting through the United States Attorney's Office for the District of New Jersey (the "NJ USAO"), the United States Attorney's Office for the District of Vermont (the "VT USAO"), and the United States Department of Justice, Civil Division, Consumer Protection Branch ("DOJ Consumer Protection"), and (ii) a civil settlement agreement (the "Civil Settlement Agreement" and, together with the Plea Agreement, and including the settlements contemplated thereby and the other terms and conditions thereof, the "DOJ Resolution") with the United States, acting through the United States Department of Justice, Civil Division, Commercial Litigation Branch ("DOJ Commercial Litigation"), NJ USAO, and VT USAO and on behalf of the Office of Inspector General of the United

States Department of Health and Human Services (“HHS-OIG”), the Defense Health Agency, acting on behalf of the TRICARE Program, 10 U.S.C. §§ 1071-11 10b (“TRICARE”), and the Office of Personnel Management. The DOJ Resolution fully resolves the DOJ’s civil and criminal investigations into PPLP’s practices related to the production, sale, marketing and distribution of opioid products from May 2007 through the present.

Under the Plea Agreement, PPLP agreed to plead guilty to three counts as detailed in the Plea Agreement: (i) a dual-object conspiracy to defraud the United States and to violate the Food, Drug, and Cosmetic Act, (ii) conspiracy to violate the Federal Anti-Kickback Statute related to Purdue's payments to certain healthcare providers, and (iii) conspiracy to violate the Federal Anti-Kickback Statute related to Purdue's payments to Practice Fusion.

The Bankruptcy Court approved the Debtors entering into the DOJ Resolution on November 18, 2020. The DOJ Resolution provides for the following:

1. a \$2 billion criminal forfeiture judgment which will be treated as an allowed super priority administrative claim in the bankruptcy (the “DOJ Forfeiture Judgment Claim”);
2. \$3.544 billion in criminal fines which will be treated as an allowed, unsubordinated, undisputed, noncontingent, liquidated general unsecured claim in the bankruptcy (the “DOJ Criminal Fine Claim”); and
3. a \$2.8 billion civil damages claim which is an allowed, unsubordinated, non-contingent, liquidated general unsecured claim (the “DOJ Civil Claim”), subject to certain rescission rights on the part of the DOJ.

While the total amount of claims under the DOJ Resolution is \$8.344 billion, only the \$2.8 billion DOJ Civil Claim was allowed by the court order approving the Debtors entering into the DOJ Resolution. The other two claims will become allowed upon the later of (i) the entry of a judgment of conviction by the United States District Court for the District of New Jersey (the “DNJ District Court”) and (ii) confirmation of the Plan. On November 24, 2020, PPLP pled guilty before the District Court to the three felony counts set forth in the Plea Agreement.

Pursuant to the Plea Agreement, the sentencing hearing in the DNJ District Court is to be scheduled at least 75 days following confirmation of a Plan and at least seven days before emergence from chapter 11. Prior to the sentencing hearing, Purdue may withdraw from the Plea Agreement if: (1) the Bankruptcy Court rejects, or otherwise declines to confirm, a Plan that provides for the emergence of a public benefit company (or entity with a similar mission); or (2) the Office of Inspector General, U.S. Department of Health and Human Services exercises, or states an intent to exercise, any available authority to exclude PPLP’s successor public benefit company (or entity with a similar mission) from participation in federal healthcare programs. At the sentencing hearing, the DNJ District Court will decide whether to accept the Plea Agreement; if the DNJ District Court rejects the Plea Agreement, Purdue or DOJ may withdraw from the Plea Agreement. If the DNJ District Court accepts the Plea Agreement at the sentencing hearing, it will enter the \$2 billion forfeiture judgment and a judgment of conviction will be entered soon after the sentencing hearing.

Upon entry of the judgment of conviction, and so long as a plan of reorganization has been confirmed, then:

1. the \$2 billion DOJ Forfeiture Judgment will be treated as an allowed super priority administrative claim in the bankruptcy; and
2. the \$3.544 billion DOJ Criminal Fine Claim will be treated as an allowed, unsubordinated, non-contingent, liquidated general unsecured claim in the bankruptcy.

Pursuant to the Plea Agreement, the United States has agreed to provide an offset credit (the “Forfeiture Judgment Credit”) for value distributed or otherwise conferred in settlement of claims asserted by upon the non-federal government creditors, up to \$1.775 billion (out of the \$2 billion DOJ Forfeiture Judgment), provided that the Debtors obtain confirmation of a Plan that provides that all of the Debtors’ assets are transferred to a public benefit company (or entity with a similar mission). The Company will make a \$225 million upfront payment to the United States in partial satisfaction of the DOJ Forfeiture Judgment within three business days following the entry of a judgment of conviction pursuant to the Plea Agreement. The remaining \$1.775 billion of the DOJ Forfeiture Judgment Claim is expected to be satisfied through the Forfeiture Judgment Credit.

Pursuant to the Civil Settlement Agreement, if the Bankruptcy Court does not confirm a Plan of Reorganization in the Chapter 11 Cases that provides for the emergence from the Chapter 11 Cases of a public benefit company (or entity with a similar mission), the Company and the United States each have the option to rescind the Civil Settlement Agreement. In addition, if PPLP defaults on any material obligation under the Civil Settlement Agreement, if a Plan otherwise consistent with the Civil Settlement Agreement is not confirmed or the Chapter 11 Cases are dismissed or converted, or the Debtors’ obligations under the Civil Settlement Agreement are voided for any reason, the United States may rescind the Civil Settlement Agreement.

In addition to the provisions of the Plea Agreement and Civil Settlement Agreement, the timeline for emergence from chapter 11 is expected to depend upon, among other things, (1) the Second Circuit’s decision in the appeals from the SDNY District Court’s December 16, 2021 order vacating the Bankruptcy Court’s confirmation of the Plan, (2) the timing of the sentencing hearing in the DNJ District Court (as discussed above), and (3) the ability to obtain certain requisite permits and licenses relating to operation of the post-emergence business.

Pursuant to the Plea Agreement, PPLP is obligated to cooperate with DOJ’s ongoing investigations and any resulting prosecutions pertaining to the investigations by the NJ USAO, the VT USAO, and DOJ Consumer Protection relating to PPLP. The Company is complying with this obligation, and continues to respond to subpoenas, CIDs and requests for documents and information from the federal government in connection with investigations of various third parties.

The Company recorded liabilities subject to compromise of \$8.344 billion representing the total of the DOJ claim amounts. Regarding the total accrual of \$8.344 billion, \$2.8 billion was allowed by the Court, recorded under ASC 852, with the remaining claim amount of \$5.544 billion recorded under ASC 450 based on the already signed settlement agreement with the DOJ, and as such the Company concluded that its liability under the settlement with the DOJ was probable and estimable. As noted above, the Company believes that the ultimate payment on account of the DOJ Forfeiture Judgment will be \$225 million subject to contractual provisions described above. Payment on account of the DOJ’s other unsecured claims is specified in the Plan in amounts that are the product of mediations.

On May 24, 2021, in supplements to the Disclosure Statement and the Plan, the Company agreed to

a payment of \$20 million in full and final satisfaction of the other Federal Government Unsecured Claims (Class 3) which represent the other Federal Agency Claims filed by HHS, VA, HIS, and the Centers for Medicare & Medicaid Services. The \$20 million was recorded in 2020 under ASC 450 as a loss is deemed probable and estimable based on the agreement reflected in the Disclosure Statement and Plan.

Insurance Coverage Litigations

The Company has a significant historical tower of product liability insurance (the “Tower”) which provide coverage for all or a portion of the opioid claims filed in the Chapter 11 Cases. Previously, PPLP entered into settlement agreements with certain of the Tower insurers after a litigation which concluded in 2006. Prior to the Petition Date, the Company had exhausted approximately \$200 million of available insurance under the Tower.

In October 2018, one of the Tower insurers, TIG Specialty Insurance Company (now known as Ironshore Specialty Insurance Company) (“TIG”), commenced an arbitration under English arbitration procedures against the Company and others seeking a declaration of no coverage for opioid claims. That proceeding, while still in its preliminary stages, was stayed by the filing of the Debtors’ Chapter 11 Cases.

On January 26, 2021, the Company and certain creditor committees in the Chapter 11 Cases filed an adversary proceeding against the Tower insurers (including TIG) and all of the Company’s general liability insurers from 2003 to 2018 (the “Adversary Proceeding”). On June 21, 2021, the Bankruptcy Court decided that the portion of the Adversary Proceeding pertaining to the Tower insurers must be stayed in favor of arbitration procedures provided for in the Tower policies. Since then, no arbitrations concerning the Tower policies have commenced, nor has the TIG arbitration proceeded further.

The remainder of the Adversary Proceeding, which addresses insurance coverage for the Company’s liabilities under the 2003-2018 general liability policies, is being actively litigated. The Company and the defendant insurance companies are engaged in active fact discovery that is scheduled to conclude September 5, 2022. Under the current schedule, a trial is expected in the first half of 2023.

Further recoveries from the company’s insurance policies are expected but not assured. The Plan does not assume recovery of insurance proceeds.

Patent Litigations

A. Hatch-Waxman Patent Litigation (ANDA and 505(b)(2)) Brought by the Company

With certain exceptions, an approved New Drug Application (“NDA”) holder lists the patents that cover its approved brand-name prescription drug in the FDA Approved Drug Products with Therapeutic Equivalence Evaluations registry (the “Orange Book”). Abbreviated New Drug Application (“ANDA”) and Section 505(b)(2) applicants, if seeking FDA approval prior to expiration of patents listed in the Orange Book, must provide notice of why those patents are invalid, unenforceable or not infringed. With respect to those patents listed in the Orange Book, prior to the date on which the FDA has accepted the applicant’s filing, if the patent holder brings an infringement action against the generic or 505(b)(2) applicant within 45 days of receipt of that notice, it is entitled to an automatic statutory stay, effectively preventing the ANDA or 505(b)(2) applicant from

launching its product until the earlier of (i) 30 months or (ii) a court decision finding the patents-in-suit invalid, unenforceable or not infringed.

1. OxyContin® Patent Litigation (reformulation) (Generics)

From time to time, the Company receives notices from companies that seek FDA approval of their respective ANDAs to engage in the commercial manufacture, use or sale of oxycodone hydrochloride extended-release tablets prior to expiration of (i) the Company's low-ABUK oxycodone and reformulated OxyContin patents and (ii) certain of the third-party patents that the Company has licensed. All such patents are listed in the Orange Book for reformulated OxyContin.

On or about August 25, 2020, the Company received notice that Accord Healthcare Inc. ("Accord") is seeking FDA approval of an ANDA for extended-release oxycodone prior to the expiration of Orange Book-listed OxyContin patents. On October 8, 2020, the Company commenced litigation in the United States District Court for the District of Delaware ("Delaware District Court") against Accord for infringement of certain Orange Book-listed patents. A scheduling order was entered by the Court on April 23, 2021 setting a three-day trial beginning on September 19, 2022 regarding the validity of the asserted patent claims. Accord previously has conceded infringement of the asserted claims. Fact discovery concluded on February 4, 2022, and expert discovery is ongoing. On or about May 26, 2022, the Company received notice that Accord is seeking FDA approval for its extended-release oxycodone product before the expiration of two newly issued Orange Book patents. The Company is considering its response.

2. OxyContin Patent Litigation (Branded)

On or about February 12 and September 24, 2015, the Company received notices that Collegium Pharmaceutical, Inc. ("Collegium") was seeking FDA approval of a 505(b)(2) NDA for its XTAMPZA ER™ oxycodone product prior to the expiration of all OxyContin patents listed in the Orange Book. On March 24 and 26, and November 6, 2015, the Company commenced litigation against Collegium for infringement of several low-ABUK oxycodone patents and another patent owned by the Company. The litigations were before the United States District Court of the District of Massachusetts (the "Massachusetts District Court"). On February 18, 2016, the Massachusetts District Court granted Rule 54(b) Judgment as to the low-ABUK patents. On March 18, 2016, the Company filed its Notice of Appeal, and on December 13, 2016, the Massachusetts District Court dismissed the appeal.

On April 26, 2016, the FDA granted final approval of the XTAMPZA ER™ NDA. On or about June 20, 2016, Collegium launched XTAMPZA® ER. The Company is now experiencing branded competition for OxyContin.

On June 10, 2016, the Company filed suit against Collegium in the Massachusetts District Court asserting infringement of a newly issued patent owned by the Company. The action was subsequently dismissed. On April 21, 2017, the Company filed another suit against Collegium in the Massachusetts District Court asserting infringement of a newly issued low ABUK patent. On September 28, 2018, the Massachusetts District Court entered a Memorandum And Order On Defendant's Motion For Summary Judgment granting summary judgment of non-infringement to Collegium of U.S. Patents 8,652,497 and 9,155,717, and denying Collegium's motion regarding the low ABUK patent.

Reporting Period September 1, 2022 to September 30, 2022

On October 6, 2017, the Company filed suit against Collegium in the Massachusetts District Court asserting infringement of two of the low-ABUK patents.

On September 21, 2017, the Company filed a separate suit against Collegium asserting infringement of a newly issued patent owned by the Company in the Massachusetts District Court. On September 18, 2019, the Company filed a notice of its Chapter 11 Cases with the Massachusetts District Court. On September 20, 2019, the court stayed the litigations pending further order of the court. On February 2, 2021, the Company filed a motion to lift the stay. On April 2, 2021, the court lifted the stay and entered a Scheduling Order covering events to the end of pre-trial discovery. In addition, Collegium requested, and the United States Patent and Trademark Office (PTO) instituted, Post Grant Review for the patent-in-suit in this action. The PTO Patent Trial and Appeal Board issued a Final Written Decision invalidating the claims in that patent. On February 16, 2022, the Company appealed that decision to the Federal Circuit. The Company intends to file its Opening Brief prior to July 19, 2022, in accordance with the current briefing schedule.

On April 9, 2021, the Company filed another suit against Collegium for infringement of U.S. Patent 10,407,434. Collegium moved to dismiss the complaint on May 7, 2021. The Company filed a First Amended Complaint under seal on May 21, 2021. Collegium again moved to dismiss which motion is pending before the Court. In the meantime, fact discovery and expert discovery are ongoing. The Court has not yet issued an order on Collegium's pending motion. From July to September 2021, the parties also briefed various claim construction disputes, and the Court held a claim construction hearing on October 5, 2021. The Court has not yet issued a claim construction decision. The Court later amended the scheduling order, extending remaining deadlines. The next status conference before the Court is scheduled for July 11, 2022. No pre-trial conference or trial date has been set yet.

At this stage, the Company is unable to evaluate the likelihood of an outcome.

On February 7, 2018, the Company filed suit in the Delaware District Court against Collegium alleging that Collegium's offering for sale and selling Nucynta® (tapentadol) tablets and Nucynta® ER (tapentadol) extended-release tablets infringe three patents owned by the Company. On September 14, 2021, the Delaware District Court entered an order administratively closing the action until further order of the court, ordering the parties to notify the court when the bankruptcy proceedings have been resolved so that the case may be reopened.

On February 24, 2017, February 2, 2018, March 6, 2018, August 5, 2019, and March 17, 2020, the Company received notices that Intellipharmaceutics Corporation ("IPC") is seeking FDA approval of a 505(b)(2) NDA for extended-release oxycodone prior to the expiration of Orange Book-listed OxyContin patents. On April 7, 2017, March 14, 2018, and April 15, 2020, the Company commenced litigations in the Delaware District Court against IPC for infringement of certain Orange Book-listed patents. The Company filed a notice of its Chapter 11 Cases in the first two cases on September 18, 2019. The parties entered into a Stipulated Dismissal Agreement (the "SDA") dated July 2, 2020, whereby the parties stipulated a dismissal of the pending Actions. Pursuant to the SDA, if IPC gets final FDA approval of its NDA product, then the parties have 30 days after receipt by the Company of the final approval to resolve all patent claims. If the parties cannot resolve all claims, the Company has the right to begin a new action against IPC, subject to certain restrictions in the SDA. The Delaware District Court So Ordered the Stipulated Dismissal on July 28, 2020. On August 18, 2020, and on April 26, 2021, the Delaware District Court ordered that the deadlines for destruction of discovery be extended for another year. The parties stipulated to a further extension to August 23,

2022.

The Company has recorded settlement expense of \$2.5 million in 2018 related to the Company's estimate of the probable loss related to a stipulated dismissal of the IPC Patent Infringement Actions, which was paid in 2020.

Other Matters

The Company is involved in various other litigation, government proceedings and claims, not described above, that arise in the normal course of business. While it is not possible to determine a reasonable estimate of the ultimate outcome or the duration of such a litigation, proceedings or claims, the Company believes that based on its current knowledge and the advice of counsel, that such litigation, proceedings or claims will not have a material impact on the Company's financial position or results of operations.

28 U.S.C. § 589b authorizes the collection of this information, and provision of this information is mandatory under 11 U.S.C. §§ 704, 1106, and 1107. The United States Trustee will use this information to calculate statutory fee assessments under 28 U.S.C. § 1930(a)(6). The United States Trustee will also use this information to evaluate a chapter 11 debtor's progress through the bankruptcy system, including the likelihood of a plan of reorganization being confirmed and whether the case is being prosecuted in good faith. This information may be disclosed to a bankruptcy trustee or examiner when the information is needed to perform the trustee's or examiner's duties or to the appropriate federal, state, local, regulatory, tribal, or foreign law enforcement agency when the information indicates a violation or potential violation of law. Other disclosures may be made for routine purposes. For a discussion of the types of routine disclosures that may be made, you may consult the Executive Office for United States Trustee's systems of records notice, UST-001, "Bankruptcy Case Files and Associated Records." See 71 Fed. Reg. 59,818 et seq. (Oct. 11, 2006). A copy of the notice may be obtained at the following link: http://www.justice.gov/ust/eo/rules_regulations/index.htm. Failure to provide this information could result in the dismissal or conversion of your bankruptcy case or other action by the United States Trustee. 11 U.S.C. § 1112(b)(4)(F).

I declare under penalty of perjury that the foregoing Monthly Operating Report and its supporting documentation are true and correct and that I have been authorized to sign this report on behalf of the estate.
